<b>Footnotes:</b>
<sup>1</sup> Military MWR and Armed Services Exchange Category C activities at designated remote and isolated locations are authorized funding under Category B rules according to References (g) and (l), except for golf course grounds maintenance.
<sup>2</sup> On an installation designated under force protection condition Charlie or Delta by the Combatant Commander, Military Service Chief, or equivalent DoD civilian, Military MWR Category C activities, excluding golf courses, golf course structures, cart storage buildings, maintenance sheds, and pro shops, are authorized APF support for civilian personnel with installation management and supervisory functions (excluding personnel directly and primarily involved in resale), utilities and rents, and custodial and janitorial services. Prior to implementation, each Military Service shall ensure accounting mechanisms are in place to account for and report the support, by element of expense as APF support to the MWR program. The APF authority is discontinued at the end of the same FY quarter during which the designated force protection condition is disestablished or downgraded. APF support to Category A and B activities shall not be diverted for this purpose.
<sup>3</sup> Armed Forces Recreation Center, Europe, is only authorized utilities, sustainment, restoration, and modernization of real property, and transportation of products made in the United States in accordance with section 2491b of Reference (t).
<sup>4</sup> Active duty military personnel performing ECECS are authorized in sufficient numbers for Armed Services Exchange programs to provide a trained cadre to meet wartime and deployment requirements and to perform managerial functions.
<sup>5</sup> Enlisted personnel may be employed during non-duty hours by NAFIs as part-time NAF-paid employees.
<sup>6</sup> Authorized for Armed Services Exchange programs for funding of civilian personnel in sufficient numbers to provide a trained cadre to perform ECECS and managerial functions to meet exchange wartime deployment requirements in support of contingency, humanitarian, and peacekeeping operations. Permanent assignment utilization and the assignment of additional or collateral duties in lieu of military positions are authorized by paragraph E4.T1.1. and note 4 to this table. Where NAF civilian positions are utilized, APF support is authorized for NAF expenditures incurred for compensation and benefits, travel of personnel, transportation of household goods, and education and training.
<sup>7</sup> APFs shall be used to cover the expenses of transporting Armed Services Exchange supplies and products to destinations outside CONUS in accordance with section 2643 of Reference (t) and DoD Directive 4500.9E (Reference (bi))
<sup>8</sup> Not authorized for golf courses or golf course structures other than golf club houses inside the United States except those designated by the Secretary of Defense as a remote and isolated location in accordance with section 2491a of Reference (t). Not authorized for cart storage buildings, maintenance sheds, and pro shops inside the United States even if part of golf club house.
<sup>9</sup> Rates charged shall not include incremental or prorated shares of overhead, maintenance, and repair to utility systems or capital investments in the installation's utility infrastructure systems unless otherwise specified by an MOA or Inter-Service Support Agreement (ISSA).
<sup>10</sup> Authorized for Armed Services Exchanges when existing APF contracts may be used to purchase the item or services.
<sup>11</sup> Trash and garbage removal services are not authorized for Armed Services Exchange activities in CONUS.
<sup>12</sup> APFs may be used for all community facility construction related to the establishment, activation, or expansion of a military installation or relocation of facilities for the convenience of the Government; replacement of facilities denied by country-to-country agreements; restoration of facilities and improvements destroyed by acts of God, fire, or terrorism; antiterrorism/force protection measures required under Reference (ai); and to correct life safety and Americans with Disabilities Act (Reference (aj)) and force protection deficiencies. In the case of installation expansion, a major increase in authorized and assigned personnel strength over a short period of time is necessary before APF construction can be programmed. Such expansion must be the result of a mission change or influx of new units or systems. For example, a 25 percent increase in a 2-year time span satisfies these criteria. In contrast, personnel increases resulting from an evolutionary expansion occurring over several years do not satisfy these criteria.
<sup>13</sup> APFs shall be used for site development costs, archeological and ammunition clearances, environmental assessment and remediation, water purification, demolition, excessive utility connections, and road services.
